

Carson Medical Group

Pediatric Physician

Carson Medical Group, the largest primary care provider in the Carson City area, is seeking a Pediatrician to join our physician owned, independent, multi-specialty group.

Carson Medical Group is made up of 27 exceptional physicians and 13 advance practitioners who are on the forefront of their specialized fields of medicine. Our unique partnership model allows physicians to establish and obtain their own personal and professional goals. CMG actively seeks new partners that also value leadership and control of their personal and professional goals. At CMG, we encourage our partners to embrace the ever changing medical landscape and maintain the physician/patient relationship in the highest regards. From being the ACOG President to presenting at national conferences, our physicians are frontrunners in the healthcare industry.

Our physicians are on staff at Carson-Tahoe Regional Medical Center, a beautiful, new state-of-the-art hospital serving Carson City and its surrounding communities.

Carson Medical Group's main focus is primary care, and our specialties include: Family Medicine, Obstetrics and Gynecology, Pediatrics and Ear Nose and Throat.

Carson Medical Group is a recognized Patient Centered Medical Home with a patient base of over 100,000.

Our Pediatric Group

Currently, Carson Medical Group has six Pediatric physicians sharing paid call. Our full-time physicians work four to five days a week.

Completed in May 2012, our private facility is state-of-the-art and is located on the hospital campus. The hospital was constructed in 2005 and is one of the finest in the region. It is the only hospital in Nevada to receive the prestigious international recognition as a Baby-Friendly Birth Facility. It has approximately 1,000 deliveries per year.

We care for our own patients in the Pediatric Ward which functions as a step-down unit. All critical patients are transferred to the ICU in Reno. We do not attend routine C-sections.

CMG's after-hours clinic is staffed by advanced practitioners to help mitigate unnecessary trips for patients to the ER and Urgent Care. They provide exceptional patient care and are a tremendous support for our physicians.

A Strong Corporation

Starting Salary – First year pay is a combination of fixed salary and production bonus. Partners earn in the top 5% of all Pediatricians.

Carson Medical Group provides generous 401K matching by our corporation.

An annual allowance is provided for Continuing Medical Education, business expenses, insurance, and mileage. License, Malpractice, Academy, and other professional expenses are paid by the group.

CMG makes every effort to keep with the ever changing healthcare landscape, all while keeping true to our primary mission of providing quality care to the community.

As an early adopter of electronic patient communication, web portals, and online booking, we pride ourselves as a “champion” in the forefront of the current Health IT. We also benefit from having in-house IT, software support, and billing.

Carson Medical Group is a recognized Patient Centered Medical Home.

About the Area

Carson City is located less than 30 minutes from beautiful Lake Tahoe, the most popular destination in the United States. Lake Tahoe and the surrounding area provides endless year-around activities for those who enjoy the outdoors – skiing, hiking, mountain biking, camping, snow shoeing, kayaking, paddle boarding, golf, fishing, and much more. Take in the beauty of Lake Tahoe, the hustle and bustle of Reno and the old west flavor of Virginia City, each within a 30-minute drive.

Northern Nevada’s climate makes outdoor activities enjoyable for residents and visitors year-round. With an average of over 265 days of sunshine per year, the pleasant climate is hard to beat - during the summer months, high temperatures average around 90 degrees; during the winter, around 45 degrees. Average rainfall is approximately 11 inches, and average annual snowfall is 22 inches.
